

3M™ Clean-Walk Unframed Mats

5830 Series

Description

3M™ Clean-Walk Unframed Mats 5830 Series are a multi-sheeted adhesive system that removes dirt and contaminants from shoe soles, wheels, and other passing objects on contact. Comprised of a thin adhesive backed colored base topped by 30 or 60 removable adhesive polyethylene sheets that lock direct in place until discarded.

Special Features

- Contains antimicrobial properties that inhibit fungal growth in the mat.
- Acrylic adhesive securely adheres mat to smooth floor surfaces such as concrete and resists adhesive transfer when removed.
- Adhesive sheets hold dirt securely until discarded to help provide a cleaner work environment.
- Individually tabbed and numbered sheets remove quickly and easily, exposing a clean sheet ready for immediate use.
- Numbered sheets help ensure one sheet removal and identify the number of remaining applications.
- Low profile construction reduces the risk of workers tripping and allows free movement of foot or wheel traffic.

- Unlike beveled edged products, edge remains clean during use.
- Helps extend the life of floor surfaces by reducing the amount of contamination caused by foot traffic.

Applications

- Not recommended for use on carpeted surfaces – for carpeted surfaces 3M™ Clean-Walk Framed Mat 5840 should be considered.
- For use in industrial settings to prevent contamination between high traffic production areas and office environments.
- Ideal for fabricated metal shops, machinery and electronics equipment operations, printing and publishing facilities, construction and remodeling projects, health care facilities, warehouses, office, commercial and government buildings.
- For use in clean room entrances.
- Perfect for use with other non-adhesive mats for a complete mat protection program.

Application Techniques

- Apply to a clean, dry floor surface free of dirt, oil and other contaminants.
- Not intended for outdoor use or use in areas with excessive moisture or direct sunlight.

General Use Directions

Refer to product directions “3M™ Clean-Walk Unframed Mats 5830 Series” for specific use instructions.

Storage

Store under normal conditions of 60°F to 80°F (16°C to 27°C) and 40 to 60% R.H. in the original carton.

Shelf Life

To obtain best performance, use this product within 12 months from date of manufacture.

Construction

Sheet Count	Backing	Adhesive	Color	Standard Mat Sizes
3M™ Clean-Walk Unframed Mat 5830 – 30 sheets/mat	Polyethylene Film	Acrylic	Transparent sheets on a white bottom sheet	18 in. x 36 in. (45 cm x 91 cm) 18 in. x 46 in. (45 cm x 116 cm) 25 in. x 45 in. (63 cm x 114 cm)
3M™ Clean-Walk Unframed Mat 5836 – 60 sheets/mat	Polyethylene Film	Acrylic	Transparent sheets on a white bottom sheet	18 in. x 36 in. (45 cm x 91 cm) 18 in. x 46 in. (45 cm x 116 cm) this size is also available with transparent sheets over a gray bottom sheet 24 in. x 36 in. (63 cm x 91 cm) 25 in. x 45 in. (63 cm x 114 cm) this size is also available with transparent sheets over a blue bottom sheet 36 in. x 46 in. (91 cm x 116 cm) 48 in. x 60 in. (121 cm x 152 cm)

Typical Physical Properties

Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.

Thickness:

Test Method: ASTM D-3652

Backing Thickness: 1.2 mils (0.03 mm)

Total Mat Thickness:

- 3M™ Clean-Walk Unframed Mat 5830, 0.055 in. (1.3 mm) nominal
- 3M™ Clean-Walk Unframed Mat 5836, 0.097 in. (2.4 mm) nominal

Temperature Use Range:

50°F to 10°F (10°C to 38°C)

Microbiological:

Test Method: ASTM G21

Inhibiting to fungal growth
