

Desoldering Wick 2.5mm

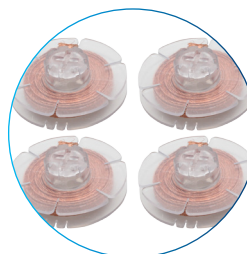

with Dispenser Wheel

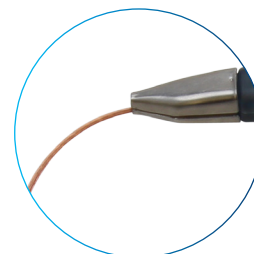

Rotating thumb wheel to retract wick thread

Quickly removes solder

Includes four additional spools

1.5m of thread per spool

Convenient and Easy To Use

Aven's 2.5mm Desoldering Wick with Dispenser Wheel is designed with soldering applications in mind. The ergonomic wick case fits comfortably in all hand sizes and features a thumb wheel for easy dispensing and retracting of the wick. Includes four replacement spools (five total spools), 1.5m of thread each.

- Includes four replacement desoldering wick spools
- Quickly absorbs excess solder
- Dispenser wheel prolongs life of the wick by keeping the thread sealed
- Built-in thumb wheel designed to provide easy control of the wick
