SPI-250G (EOL)

🖥 **bulk.fsp-europe.com**/spi-250g

This AT form factor PSU has a real power rating of 250W (continuous). The 8cm fan located on the back of the PSU ensures that it can be used in any kind of ATX chassis without any compatibility issues.

A unique feature of the SPI-250G is its monitor outlet that allows an external display to be powered directly from the desktop PC (provided that the external display has a C14 AC power inlet). It also has a -5V rail that allows the use of industrial and legacy motherboards.

Features:

- -5V rail available
- OVP / OCP / SCP protection
- 8cm fan on the rear side
- Monitor Outlet
- AT form factor
- AT legacy connectors

Specifications:
