

## MABA-011064

---

### **Balun transformer, 4:1 step down flux coupled**

MACOM's MABA-011064 is a 4:1 flux coupled transformer. This transformer is ideally suited for CATV and Broadband applications.

#### **Features**

- > 4:1 impedance
- > Suitable for all CATV, Broadband and FTTX applications
- > Excellent temperature stability
- > RoHS compliant and Pb free
- > 260° reflow compatible
- > Available on tape and reel
- > Surface mount
- > RoHS\* compliant and 260°C reflow compatible

#### **Applications**

- > CATV, Broadband

**Specifications**

- > Min Frequency: 5 MHz
- > Max Frequency: 300 MHz
- > Insertion Loss: 1.5 dB
