## Product introduction

Illuminated push button (JF series) PC terminal type: Single pole single throw Housing shape: Rectangular Anti-lifting structure · High-density mounting possible · Light operation feeling · Space saving · Washing and washing possible · Pitch between terminals: 2.54MM XN · Operating temperature range: -25 to 70 °C · Compliant with EU-RoHS directive Model name: JF-15RKSMP2

## Product Summary

Model name	JF-15RKSMP2
category	Illuminated push button
series	JF
Subcategory	Illuminated switch
Contact specifications	Silver plating
Current capacity for detailed display 1	50mA 24V DC
Operating temperature range (°C)	-25 / + 70
Number of poles	Single pole
Function 1	OFF- (ON)
Operation section shape	Corner 14
Terminal shape	Printed circuit board straight
Light emitting element	High brightness LED
Emission color	Green
Dimensions guide 1 (unit: mm length * width * back)	5.72 × 22.8 × 17.7
External dimensions 2 (conditions)	Excluding terminal
Approximate operating unit size 1 (unit: mm)	14 × 14
Operation unit	No protrusion

size guide 2 (condition)	
Environmental performance	RoHS

### Specification change

No.	category	Overview	date of issue	PDF
352	Specification change	Compliant with the banned substance standards of 10 substances regulated by EU-RoHS Directive Compliant by July 22, 2019	April 26, 2019	
307	Specification change	Production transfer from domestic factory to Philippine factory	April 27, 2017
