**INFINITER LR-22GR/R
Wireless Remote/Mouse/Presenter/Media
Player/Quick Time Remote Controller for
PC/Mac with Green/Red Laser Pointer**

LR22 is INFINITER's most powerful Rechargeable laser presenter, equipped with full functions of Remote Control Mouse, fully compatible with MAC (Apple Computer), Windows Media Player and Apple's Quick Time. The built-in battery is rechargeable via the USB port of a computer and can save money on battery purchases, thus ensuring it is environmentally friendly. In addition to easily remote control the mouse and PPT slides, both the receiver and presenter body are combined together as one unit with elegant style and ergonomic design with excellent grip feeling

Features:

- The presentation can be made on a LCD display or a projection TV wall.
- With a built-in lithium battery, rechargeable via a USB port, thus ensuring it is environmentally friendly. If the battery power is running out, the Red LED will be flashing for warning to save power. It can also cut off the power automatically if the user forgot to turn off the unit.
- With dual color LED indicators, LED will change from red to green when charging is completed.
- Can easily remote control the mouse for distance up to more than 30 meters in open space.
- Unnecessary to install any supporting software, fully compatible with Windows and MAC

Nano USB receiver

Specifications:

Frequency	2.4G / 30 meter (in open space)
USB interface	USB 2.0
OS supported	Windows 7, XP, 2000, 98, OS Mac 9.0 or later
Wavelength	532mm (Green Laser) 650nm (Red Laser)
Power	Lithium battery x 1pc
Battery burn time	< 5 hours (Green Laser) < 10 hours (Red Laser)
Output power	CLIIIa < 5mW, CLII < 1mW
Dimensions	11.5(L) x 4.28(W) x 2.75(H)cm
Weight	62g (Green Laser) 56g (Red Laser)
Available color	Black or white

**INFINITER LR20 Wireless Presenter with
Green Laser Pointer & Rechargeable Battery**

The INFINITER LR-20 Green Laser Presenter is the Eco-product that offers the convenience and savings of a rechargeable battery. It is equipped with a built-in USB rechargeable lithium battery which saves you money and also ensures it is environment friendly. All the advanced features of this presenter are built into a unit. Weight	28g (incl. batteries)
Laser Range	500 m
Laser wavelength	630 ~ 680nm
Laser Presenter Output Power	CL IIIa, <5mW ; CL II, <1mW
Battery	LR41 Battery x 4

INFINITER #100 Red Laser Pointer

INFINITER'S most energy-saving red laser pointer uses inexpensive AAA batteries that provide 40 hours of continuous run time. It can generate a laser beam with ultra-bright light points up to a transmission distance of 500 meters. Simple to operate with a slender profile, which easily fits into a pocket or purse, the INFINITER 100 is the perfect product for business or classroom presentations. It is also a fun and useful product for those interested in astronomy. When not using it for work related jobs it is an entertaining and safe toy that will keep your cats or dogs busy for hours. Even though this is our most inexpensive laser pointer it is still built with the same rugged materials as some of our more sophisticated products. It is also subject to Quarton's strict Q.C. standards and will provide you with many years of satisfying use.
