Features

Regulated Converter

- 1.8“x3.2“x1.2”, encapsulated module
- 40W power from -40°C up to +65°C ambient
- Operating temp. up to +85°C with derating
- 4 kVac/1min reinforced isolation
- 2MOPP medical certified, B and BF compliant
- 5000m (medical/ITE) operating altitude
- Class B EMC filter built-in

RACM40-K

40 Watt 1.8” x 3.2” Single Output

3 YEAR warranty

Description

The ultra-compact encapsulated industrial + household + medical grade AC/DC converter series RACM40-K delivers 40 watts of output power from -40°C to +65°C with natural air convection only, and up to +85°C with derating or forced air cooling. With a clear focus on extended thermal performance for systems where space is limited, these 1.8“ x 3.2“ compact modules are designed to gain highest overall efficiency levels over the full output load range from universal AC inputs. The RACM40-K has ANSI/AAMI/IEC 60601-1 medical safety and EN 60601-1-2 medical EMC certifications and offers 4kVac/1 min isolation, 2MOPP, and is designed to meet B and BF requirements. It is additionally certified (CB Report) to IEC/EN 62368-1; IEC61010 and IEC61558-1/-2-16 for industrial applications and IEC/EN 60335-1 for household appliances. The robust built-in class B EMC filter has sufficient margin to allow either Class II or Class I PELV with grounded output installations. The mechanically rugged construction with fully potted encapsulation, 1,6mm pins and additional threaded inserts gives the series enhanced stability against shock and vibrations.
