Connectors (Inlets/Outlets) https://www.schurter.com /PG07

IEC Appliance Inlet C20, Screw-on Mounting, Front Side, Solder, Quick-connect or Screw Terminal

# Description

- Panel mount :
- Screw-on mounting , from front side Appliance Inlet , Pin temperature 70  $^\circ\mathrm{C}$  , Protection class I , Solder,
- Quick Connect or Screw Terminals

## See below: Approvals and Compliances

### References

We recommend for new applications the type 4798

## **Approvals and Compliances**

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

## Approvals

The approval mark is used by the testing authorities to certify compliance with the safety requirements placed on electronic products. Approval Reference Type: 1621

| Approval Logo               | Certificates  | Certification Body | Description                  |
