

In most applications where the HDMI cable exceeds 16ft, a signal booster (Model Number: B122-000-60) should be used with this cable to ensure a signal strong enough for your display.

High-Speed HDMI Cable, Digital Video and Audio, HD (M/M), White, 25 ft.

MODEL NUMBER: **P568-025-WH**

Premium HDMI cable connects two HD-enabled devices, including computers, Blu-ray™ players, video game systems, DVRs, video cameras, A/V receivers, monitors, projectors and televisions.

Description

The P568-025-WH High-Speed HDMI Cable (M/M) is recommended for digital signage, video presentations, point-of-sale displays, classrooms and other applications that display High Resolution (HD) video and multi-channel audio. It connects HD-enabled source devices, such as computers and Blu-ray players, or displays, such as monitors, projectors and televisions.

This cable supports video resolutions up to HD 1080p and data transfer speeds up to 18 Gbps. When used with an Apple® digital A/V adapter, it supports iPad2® video mirroring for playing games, watching videos or displaying presentations.

The 25-foot molded 30 AWG cable features premium foil and braid shielding to deliver reliable, error-free signal quality and protection from EMI/RFI line noise that can distort or destroy data. Gold-plated white connectors provide maximum conductivity and minimize data loss. Integral strain relief gives the cable extra flexibility, reduces stress, and helps the cable and connectors move freely without cracking. A flexible PVC jacket makes the HDCP 2.2-compliant cable easy to install in tight spaces.

Features

Connects HDMI Source to TV, Projector or MonitorIdeal for digital signage, video presentations, point-of-sale displays, classrooms and other applications with video and multi-channel audio
